# DEEPTI PUBLICATIONS

If we help our children to learn, understand and experience today, then they will go out, explore and discover more in the future. We at Deepti are working towards this aim and now we have completed 38 years in this pursuit.

Now with the inspiration and support extended by the circles of higher education. We entered into the publication of JEE Main / NEET entrance books all over India. We are expecting a good support from our wellwishers, management and staff of the colleges, coaching centres, Book vendors, students and academia in promotion of our publications.

It is our constant endeavor to provide the best of our publications and services to all our honoured patrons.

It is no exaggeration if we humbly acknowledge that the incessant and overwhelming support and encouragement of our patrons have been the source of inspiration for the phenomenal growth and development of deeptipublications, which has gone from strength to strength. It is only our patrons who stood by us and helped our organization grow from a scratch to a mighty organization.

We are thankful to all our wellwishers who have recommended DEEPTI PUBLICATIONS books to the students and we strive hard to stand up to the rising expectations every time. We ensure that there is no compromise on quality at any stage. We have the best of text book authors, lecturers and other eminent and experienced academicians who create these value added books for the benefit of the students.

It may be a reiteration if we say that all these years our publications have made a mark in serving the needs of the students at various levels.

It is earnestly hoped that we get continued encouragement and support from all of you.
